

Springs Wings

AUGUST 2014

- From the Directors -

Colorado Springs
GWRRA CO-I Region F

30 Years of Colorado Chapter I, Colorado Springs !!

So, if you were at our Annual Picnic and 30th Anniversary Bash, I need say no more. If you were not able to attend, I'm not sure I can do it justice. Once again the members of Colorado's Springs Wings have outdone themselves. For the 107 in attendance there was food, fun and friendship for all to enjoy. On top of that we were blessed with an absolutely beautiful day!

So thank you Chapter I for all your work in putting this together. It was awesome to have all but one Colorado chapter represented and our friends from Oklahoma Chapter I. We hope you all has as good a time as we did. Would not have been a success without you!!

So now it's on to the Colorado District Convention in Breckenridge. Hope you'll join us there.

WHERE'S THE WING ??

Do you know where the Wing in this photo is? [Location] TIP: A few years back.

EMAIL RESPONSES TO: co_inewsletter@yahoo.com.

PRIZE: The first correct email response will win 5 -50/50 tickets at the Next Month's gathering.

Congratulations to Last Month's winner & first respondent:

Doug Irish

Location: Texas Creek/ Barry's Den/ Hwy 50

Congrats also & to our other correct respondents:

Chris Erskine & yes, it's always time for Breakfast at Texas Creek !

Laurie Cruzan

Rod/Dawn Klock

Thanks to all for your participation. Feel free to send in a submission for use in future Newsletters ;)

RIDER EDUCATION

QUESTION ???

Someone asked me “Why his foot got caught underneath the saddlebag?” I told him that he didn’t get his foot up quick enough before he took off. When you come to a stop, the left foot comes down first, the right foot holds the rear brake pedal. Now with traffic, you may creep forward and you need to move your feet as well. If you don’t move your feet, they will get caught under the rear saddlebag.

As in street traffic, when traffic comes to a stop, there are vehicles that creep forward. I do not creep forward, in doing so I leave a gap in front of me at least a car length or more. This does two things for me: 1. It gives me an escape route in front of me either to the right or left of the car or truck in front. 2. 95% of the time, the vehicle to the rear of me will give more cushion/space when they see the space that I leave in front of me. I don’t rely on the person to my rear to stop, therefore I leave the space cushion/escape route in front of me.

Be careful, Be safe and Keep the shiny side up...

Springs Wings

Goofy is awarded to one Chapter member who has done the goofiest thing since the last meeting. Goofy gets to spend the next month with that person. The person receiving Goofy must add or attach something that represents their “goofy” stunt.

Members, be on the look out for someone pulling a Goofy.
