It seems that we've had a lot of snow this winter! Just as we started to see clear paths through the ice on our road, along comes another snow storm to cover up that asphalt. Our Wing has been ice-locked since about October. So it was great to hear that the PA Ground Hog did not see his shadow this past month giving us hope that it is starting to warm up finally. In fact, in the last couple of weeks, we have been able to get out for a couple short rides. Ahhh Spring time...can you smell it?

We took our Gold Wing into the shop recently for the brake recall repairs. While the bike was there we had Apex service the entire brake system and take care of a few other things. This year, Apex is offering to pick up your bike if you can't make it out of your neighborhood, and we almost took advantage of this offer. They are expecting to fix somewhere around 1100 bikes, and are hoping to do most of them before summer starts. Currently, there is a short wait of a week or so to get the parts ordered before you bring it into the shop. It sounds like Honda is really serious about getting every bike repaired. I'm told they are very open to fixing bikes that may have aftermarket changes (i.e. trikes, etc), so don't hesitate to give them a call and get your Wing's brakes repaired.

We wanted to thank everyone that pulled together the valentine dinner last month. What a great time to get together to celebrate our valentines...and as it turned out...to celebrate Jim and Rocky's birthday with cake!

There's a lot of great activities planned for March including bowling, archery, a birthday party in Wyoming, setting our clocks forward (on March 13th) and perhaps a dinner ride will get snuck in. Be sure to track all of these activities on our calendar.

Keep safe, and we look forward to seeing you out there.  
Steve & Jacque

## THOUGHTS FROM THE BACK SEAT

The other day our 20 year old daughter informed me that her dad and I were old. She didn't say it with any attitude, she just simply stated it as a FACT.

I have given her comment some thought. I have reasoned that I probably felt the same way when I was her age.

I realized that our daughters,{2} and sons,{3}, haven't lived long enough to understand this simply truth; Steve and I and anyone in or around our age group, we aren't old, rather, WELL SEASONED. Sure, some of us are spicier, than others and that's okay. This world would be a boring place if we ALL were cut out of the same mold.

Is not the most delicious wine, the bottle that has been aged the longest. The best piece of meat you have ever eaten was seasoned, slow cooked and permitted time. The final result; each bite absolutely melts in your mouth, makes your taste buds sing. NOW, your not eating that meat, you are SAVORING it!

The wealth of expertise and knowledge in our Chapter-I family alone, boggles the mind! Steve and I could not ask for a better, more qualified team of experts to help us as we represent Chapter-I.

Think about it, we LIKE ourselves with extra flavor. We trust who we are. We appreciate our gifts and openly see our weaknesses.

So, together, Steve and I take our hats off to everyone who has reached this age of, "flavorfullness," (new word).

# R. U. N . the GAME (part 3)

## The Rider

The Rider...the one that puts it all together, responsible for the maintenance and the CO-Rider. The Rider sets the example of how to dress for the ride, wearing all of the gear and ensuring the CO-Rider does the same. Responsible for the maintenance and safety of the motorcycle. Rider needs to be sharp in his or her riding skills to ensure a safe journey. By doing everything in part one and part two (Maintenance and CO-Rider, January & February 2016 issues), you ensure that your motorcycle and the CO-Rider will be safe to the best of your ability. Now, as the Rider, you need to be in the game. You need to take an Experienced Rider Course (ERC) to enhance your riding skills. You should get the dust off of your skills after a long winter. Now some people need to go to a parking lot and practice, and some just need to ride for about five minutes or so to get their muscle memory back. Remember...everybody is different in how they get ready for the game. Just make sure that your motorcycle, CO-Rider and Rider are ready to be in the game.

**GOOFY**

Goofy is awarded to one Chapter member who has done the goofiest thing since the last meeting. Goofy gets to spend the next month with that person. The person receiving Goofy must add or attach something that represents their “goofy” stunt.

Members, be on the look out for someone pulling a Goofy.

Goofy got to go home with Rocky Rigby. Let's see what Goofy comes 'attired' with at next month's Gathering. As a result of Rocky's 'goofy'; interesting information was shared regarding 1800 Goldwing drive shafts.
