-From the Director's Desk -

Near the end of last year, we were pleased to see Earl Edwards awarded the well deserved Senior Educator position. This distinction is a result of Earl's hard work as Chapter-I's Rider Educator for nine years! Earl is very passionate about rider education and motivating our Chapter members to excel with their level program efforts. It is for this and many other reasons that we're proud to see Earl move to the District Educator position. We know he'll do a great job leading the District Rider Educator needs and making a difference for all of Colorado. Congratulations Earl!!

Jim and Olga Wyman are stepping up to the role of Chapter-I Rider Educators, and are already coming up with new plans for our chapter education needs. Jim and Olga have been very active within our chapter in various roles and most recently as our MEC and Assistant Rider Educators. Jim and Olga are also this year's District Rally Coordinators. We're excited to see all the great things they do in this new role. Please congratulate them on their new venture.

Claude and Nancy Lockhart volunteered to be our Membership Enhancement Coordinators earlier this year, and were sworn into office just last month. They are jumping with both feet as they are coming up with new ideas and improvements to engage our chapter to do more of what we really like to do...ride, get together, and just have fun as a group. We really appreciate the energy they are bringing to this position. Thank you Claude and Nancy, and congratulations!

Finally, we want thank Doug Irish for serving as our Treasurer. Doug has done an outstanding job in this role and we'll miss having his keen eye on our finances. Please be sure to thank him for his service. Don Cruzan has volunteered to be our new Treasurer. We look forward to Don's continued support for Chapter-I in this new role.

2017 is off to a great start with the riding season starting to get underway. We look forward to all the great things we'll do as a team. Chapter-I is a great group of folks with a long legacy of friendships and accomplishments.

Ride safe, and we will see you out there.

THOUGHTS FROM THE BACK SEAT

What a surprise our weather was on our last Chapter meeting. Steve and I got up at 5:00 that morning expecting to shovel a LOT of very wet, very heavy snow.. The weather man had predicted up to "16" inches of snow in our neck of the woods. After that forecast Steve and I wondered if we and Don and Jackie Lacasse might be the only ones at our April chapter meeting ☺. What a wonderful surprise to not only have a FULL house on Saturday but to see the faces of those we haven't seen in a while..... it made my day!

Years ago, in April of, 1980, to be exact, just a couple of days before Steve and I's wedding the weather man predicted a boat load of snow! That year, mother nature didn't play an April fools on us like last Saturday. No, we got hammered with many, countless inches of that beautiful white stuff! Anyone who lives here knows a major storm like that can shut things down for a time while everyone digs out. Steve and I had lots of family and friends heading our way to join us on our special day. it was dicey for a little bit while we waited to see if everyone would arrive in time. To COMPLICATE things, Steve and I had a double wedding with his sister, Sue and her husband, Jon. We had three ministers officiating, 22 people in our combined wedding parties, a double wedding reception AND April 5th, was also my birthday! How much more could we pack into one day?!

Well, as you already expected, our wedding, Sue and Jon's too was a great success! Here is an interesting side note; we got married in a church that was on Hopeful Drive. One of our first apartments was on Serendipity Circle and the very first house we ever lived in was on Delighted Circle IN. It turns

out ALL those street names are perfectly apropos, describing to a, 'T', what was in our hearts, not only in the early years of our our marriage but still to this day.....pretty cool! By the way, there has never been a birthday present as wonderful in the last 37 years as the first one Steve gave me, himself! One finally note, there are some things, be it our last very fun, very full, chapter meeting or our wedding, 37, years ago, that were just meant to be!

PROCESS THE INFORMATION

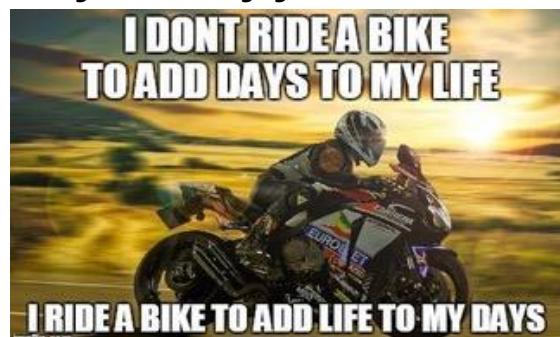

I received a call on my birthday last month from a good friend of mine and motorcycle instructor. After all of the yada, yada yada he states that he is retiring from being a Motorcycle Instructor. I said "Why?" He was telling me that he was struggling trying to evaluating the students on the range. Evaluating and struggling...not getting the connection. He said I am retiring from riding all together. Not quite getting it. He said remember the accident I had. (very violent and horrific accident on the highway caused by another driver. My friend was in a 3/4 ton truck and came out with minor injuries.) Oh yeah, now I'm getting the picture. As the conversation went on, I began to understand that he could not process the information on the range as students rode around the course.

Just like us, as we ride around the highway and byways, streets and road, from city to states, we have to process the information that we see. Yes, we have to Search, Evalute and Execute, but we also have to process that information in some way, shape or form. Our mind needs to be clear, sharp and focus to be able to let our eyes and mind guide our hands and feet to do their job on the motorcycle. As we ride we still need toprocess the information that we receive on the streets and highways, pedestrain and children, traffic lights, gravel on the road, other cars and trucks and other obstacles that we encounter, all that information needs to be process for a safe trip. I wish everybody a safe and enjoyable riding season and remember to process information.

As I come to a close as Chapter Educator at Chapter I and move on to District, I would like to thank current and past Chapter Directors for their support and help thourghout the years.

Remember: **Always cover the parts of your body you would like to use for the rest of your life.**

MEMBERSHIP ENHANCEMENT

Claude and I wanted to try out the Phone Tree on the 18th of March and put together a "Mystery Ride" for Brunch and midday Ice Cream Stop.

Well... the phone tree was tried out Saturday but did have a few hiccups. Found out some did not want to be on it, a lot of phone calls were not made as they should have been and the time to meet as not conveyed correctly to some members. But we, did send out an email to those that we suspected of not getting the word, that were on the phone tree, then we also back tracked to make calls to everyone who had not been contacted correctly through the phone tree list. The phone tree is a tool for rides and for a very few of our members who do not have email it was successful.

There are pros and cons of every method of notifying members of rides unless the notice is far enough in advance.

- With email...not everyone checks their email daily or computer is down.

- With phone tree there will be a learning curve on how to successfully use it for a lot of the newer members.

- Not everyone has the smart phones to receive a long text with all the information for the ride.

- Like the old telephone game we used to play ...sometimes the message gets misinterpreted along the way.

So what IS the answer?? Not sure...but do know that with the efforts of us and ones who did pass the word along via the phone tree and a follow email, we had a Beautiful Day of Riding with very awesome people!

There were 4 trikes and 4 bikes and everyone had a CB! How often does that happen! We met at 9:30 am and broke into 2 groups. It worked out to have the bikes in one group, and the trikes in the other group. (not that we are trying to segregate, mind you). With this being a Mystery Ride...we had to tell the leader, Doug, of the 2nd group where we were going. We all kept constant contact over the CB and did not lose anyone. We took the Northeastern route to Elizabeth via Elbert Rd. Everyone enjoyed the ride and the lovely warming weather. We had brunch at Los Volcanos in Elizabeth where they offer Breakfast and Regular menu all day. They have American and Mexican food, so everyone had their choice.

Continuation...

After a great brunch and wonderful conversations getting more familiar with everyone we were riding with,, we then headed West through Castle Rock to Perry Park Rd. Enjoying the riding so much, we decided to take a little detour to Perry Park Residential Community & Golf Course. We stopped in the gold course parking lot and just took a break to enjoy the beautiful scenery back in (they could not make the ride earlier with us) and they met us at The Rock House Ice Cream shop in Palmer Lake. Awww, yummy ice cream and again great conversation!! What a way to top off the day before heading home!

It was truly a pleasure to ride with those on trikes: Dorothy Tolliver, Barney and Miyo Hunter, Doug Irish, George Davis; and those on bikes: Charlie Daye, Bob Nyquist, and Ralph Clayton. Then to be joined by Dick and Didi Reisler on their bike at the ice cream stop.

Our apologies to anyone who did not get the right time or email and missed the great adventure. There will be many more times ahead and hopefully we can work out the details better.

The phone tree works for some but now we need to get the message out to everyone to join in on a ride and we Welcome the chance to be a ride participant instead of the Coordinator of a ride. What's important is.....SUMMER IS ALMOST HERE SO HERE, SO TO ALL MEMBERS LET'S RIDE MORE!

HAPPY TRAILS AHEAD!

Ride to Beulah

Claude and Nancy coordinated a ride to Beulah taking advantage of the warmer Southern Temps on Sunday the 5th of March. It was their first organized ride of the year and was very happy to be joined by 2 other bikes and 1 trike.

The Lockhart's met up with Doug Irish, Don Benuska, and the Lascasse's at Apex. The day started off with some overcast clouds, temperatures in the low 60's and a little bit of wind but all in all it was a great ride. The temps got warmer as they neared Penrose. They took the back roads and enjoyed the scenery, curves and the company of the group. They all had some good laughs over CB along the way. It was too bad Don Benuska missed out of the CB conversations but they tried to fill him in at the restaurant.

The group arrived at the Beulah Inn and had a great lunch and wonderful conversation. (Nancy enjoyed the homemade Pecan Pie too) The temperature was 69 degrees by then.

From lunch, Claude and Nancy led the group to the Beulah General Store where they checked in on Debbie Rowe. Yes, she still owns the store and her kids work there too. She said that her husband was enjoying riding everyday in Heaven. She also told them to say Hello to everyone in Chapter I.

By 2pm the wind started to pick up more so they knew it was time to go. The ride back was just as nice but more windy. By the time they reached Penrose the wind was at their back and with fond farewells blowing them toward home.

It was a great day enjoyed by all and it really felt good to get back into the saddle once again.

Chapter I

Be sure to bring along your fleece to Maintenance Day for blankets to be donated to charitable organizations next fall. While folks work on their bikes we can make a few blankets. If you are not going to make blankets or tinker on your bike bring fleece to be used later for blankets. It takes 1 and 1/2 yards (of 2 fleece fabrics) for a youth, and 2 yards (of two coordinating fleece fabric) for adult size blankets. In other words you will have 3 or 4 yards. JoAnn's generally has coupons on line that can be used for purchase.

NEWSFLASH

FROM GWRRA

Thank you Ray and Sandi!

It is with a great deal of appreciation that GWRRA announces the retirement of Ray and Sandi Garris as Your Directors of GWRRA. Ray and Sandi have dedicated many, many years to the Association and their love runs deep for

all that GWRRA means to them and so many others. Ray and Sandi will be the first TEAM GWRRA Directors to retire to the title of Director Emeritus. This is a position of honor and is given to TEAM GWRRA's Director after years of service. It also means we can call on them!

We took the opportunity to honor them at 40 to Phoenix on Wednesday with the presentation of a beautiful WoodWing Art plaque and a heartfelt thank you.

As they have been holding 2 roles, Ray and Sandi will continue to work with the TEAM GWRRA as the Deputy Directors for the West. As you can see, retirement didn't last very long! Their willingness to serve cannot and will not be stopped and we are very happy to have them continue on with TEAM GWRRA!

Please congratulate and thank Ray and Sandi for a fantastic job, done so very well, and on their newest position with GWRRA.

Ray and Sandi, from my heart I thank you and look forward to continuing to work together on our new endeavors!

Anita Alkire and the Entire TEAM at GWRRA

Note: At the present time, we are not replacing the Director position. If you have questions please contact Anita at President@gwrra.org
